Prof.S.Shrivastava, NSS Program Officer addressed the gathering, Blood cannot be manufactured - it only comes from generous donors to save the society and mankind, we should come forward for this Noble cause. It is a way of Alard College of Engineering gesture in bringing a ray of hope to alleviate the serious problems of acute shortage of blood. India faces a blood shortage of 3 million units.

The problem can be addressed if an additional two percent of Indians donate blood, as opened by the Health experts. We need 12 million units of blood every year but just about nine million units are being donated. Our College has been religiously organizing blood donation camps every year and students and the faculty member come forward voluntarily to donate blood. While addressing first time donors at the camp our

NSS volunteers brought awareness in them about shortage of blood and why we must donate blood every year, to help the persons requiring blood. Blood donation can save lives of innumerable persons. Donation of blood is very critical and crucial for saving lives many patients and those who have met with accidents. It is as such a great service or contribution to the society and people living in it.

Introduction-

Chhatrapati Shivaji Maharaj who we all know as the founder of the hindavi swaraj , has been continuous source of inspiration to all the thousands of not only Maharastrian people but also to those who are foreign. Chhatrapati shivray had sculpted an entire Kingdom which was free from Mughals regime. Which was huge challenge as the whole of indian was ruled by Mughals and other similar foreign invasion. His courage , valor and gallantry is second to none and has kept on inspiring people over the years. His guerilla tactics and administrative methods have been adopted in the syllabus of some countries .and are taught to history and military students. We know maharaj only as a king , but he was more than that. He was king , visionary , a great administrator , economist and a compassionate but a fierce patriot who for his sheer love for country ,arose a great rebellion after long history of 800 years of tyranny and cruelty.
